

This **ACKNOWLEDGEMENT FORM** serves to notify you about the type of text content you may encounter during your involvement with Google Cloud project through Global Logic LLC. It is crucial to review and comprehend the possible risks linked to this work before moving forward. Your acknowledgment and consent are essential to confirm that you are fully informed of how these tasks might affect your mental health and overall well-being.

As a moderator of sensitive or objectionable text content, your responsibilities will involve reviewing, tagging, and moderating user-generated content to ensure it adheres to our client's guidelines and policies. Moderating sensitive or objectionable text refers to the process of reviewing text content that may be graphic, violent, sexual, or otherwise egregious in nature, including but not limited to the following:

• Pornography	• Graphic violence
• Animal abuse	• Hate speech
• Self-harm	• Child exploitation

Exposure to the aforementioned types of text content can be upsetting and may result in psychological and emotional impacts, including but not limited to:

• Acute stress reaction	• Anxiety
• Secondary traumatic stress disorder (STSD)	• Depression
• Post-traumatic stress disorder (PTSD)	• Sleep disturbances

By signing this form, you confirm that you understand the nature of the text content you will encounter and the potential psychological risks associated with it. You also agree to take necessary steps to protect your mental health and well-being, including seeking assistance from mental health professionals if required.

You will also be provided with a supportive environment that encourages open communication about mental health concerns which you can raise to [hr@sdclctechologies.com](mailto:hr@sdclctechologies.com).

You may terminate work on this project at any time if you are not comfortable with the nature of the work. Contact [hr@sdclctechologies.com](mailto:hr@sdclctechologies.com) to terminate your engagement.

ACKNOWLEDGEMENT THAT I CONSENT TO REVIEW SENSITIVE text content
